

Gas Airless Sprayers

Graco's Complete Line of Professional Gas Airless Sprayers

PROVEN QUALITY. LEADING TECHNOLOGY.

There is nothing like a Graco® sprayer.

Quality. Performance. Durability. Productivity.

Graco gas airless sprayers deliver on all counts. Whether you're a contractor focused on small residential or a large contractor tackling the biggest projects every day, Graco offers you the best, most extensive line of painting equipment to meet your needs. Most importantly, when you choose Graco, you know that you are choosing the highest quality product in the industry. You can take pride in the fact that Graco gas sprayers are designed, manufactured, and assembled right here in the USA with imported Honda® engines. *We do!*

What is the G4 Difference? Simply put, it's Graco's commitment to provide you with the very best gas airless sprayers, backed by a solid reputation for proven quality, maximum performance, reliable warranty coverage and unmatched on-the-job productivity. Graco sprayers are designed to exceed the professional painting contractor's standards for quality and performance. Graco is the name to turn to today and as your business grows.

PROVEN QUALITY

100% factory-tested and field-proven design, coupled with cutting-edge technology, keep Graco sprayers performing reliably on the job for years.

MAXIMUM PERFORMANCE

Higher output with superior control ensures the highest quality finish for every job.

INDUSTRY-LEADING WARRANTY

Every Graco gas sprayer is backed by our full warranty coverage and more than 80 years of proven commitment to the professional contractor.

UNMATCHED PRODUCTIVITY

Exclusive Endurance™ pumps deliver long life and reliable performance, while the Endurance Advantage Program eliminates downtime by enabling you to always have a spare pump on hand for quick job site change-out.

For patent information see www.graco.com/patents.

Graco: the Leader in Gas Airless Sprayers

As a world leader in fluid handling technology, Graco builds the very best, most reliable gas airless sprayer available. Whether you prefer the efficiency and money-saving features of a direct-drive GMAX™ or GMAX II sprayer, or you need a hydraulic GH™ sprayer that handles the heaviest materials, Graco has the **Total Job Solution** for you.

IronMan model shown. ProContractor, Lo-Boy, Standard, and Convertible models are available.

ProContractor model shown. Standard models also available.

GMAX Direct Drive Technology

With a direct drive sprayer, a gas engine is connected directly to a pump via a geared drive train. These units are the most energy efficient gas powered sprayers.

See page 5 to learn more about Graco's direct drive GMAX and GMAX II sprayers.

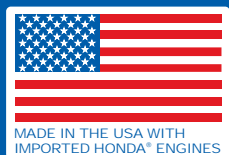

Hydraulic Technology

With a hydraulic sprayer, a gas engine or electric motor powers a hydraulic system that then drives a pump.

See page 19 to learn more about Graco's hydraulic GH sprayers.

Why Gas?

- ✓ Extremely portable
- ✓ Frees you from the limits of jobsite power
- ✓ Gives you the ability to spray heavier coatings at higher production rates
- ✓ More power for the purchase price

Choose the RIGHT SPRAYER

As a painting contractor, you need an airless sprayer that will deliver the best in performance and reliability. Graco's mission is to offer you the perfect sprayer that's sized for the work you do and will give you the results you expect. Use the Painting Solutions Guide below to help you choose which of Graco's gas sprayers is right for you. Whatever size you need, Graco has the absolute best airless sprayers in the industry.

- What types of material do you spray? In the future?
- How many gallons per week will you spray?
- How many guns do you now need? In the future?
- What hose lengths will you use?
- What tip sizes do you need?
- What power sources do you have available?
- What types of jobs will you bid?
- On what types of surfaces will you spray (drywall, wood, concrete, steel, etc.)?

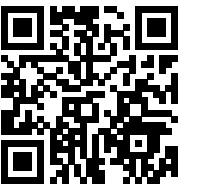

PAINTING SOLUTIONS GUIDE

Note: All sprayers are capable of spraying with up to 300 ft of hose, but maximum length will change depending on material thickness, hose diameter, and tip size.

Choose the RIGHT SERIES for all your painting applications.

m.graco.com/cedseriesvid

Only Graco goes beyond size and offers three different series of airless sprayers that have features designed to make your work easier, faster and more productive. Whether you need the everyday reliability of our **Standard Series**, the increased speed and productivity of the **ProContractor Series**, or the extreme ruggedness of the **IronMan Series**, Graco offers the perfect sprayer that's designed from the ground up to meet your needs.

If You're a Small Residential and Repainting Contractor

- ▶ You're painting multiple days a week
- ▶ Your jobs are typically on the smaller side
- ▶ You demand everyday reliability
- ▶ You don't need a lot of extra features

You need a **Standard Series** sprayer.

EVERYDAY RELIABILITY

If You're a Large Residential and Commercial Contractor

- ▶ You're painting every day
- ▶ You tackle medium to large projects
- ▶ You're moving frequently from job to job
- ▶ You need features that save you time and get you in, out, and on to the next job site

You need a **ProContractor Series** sprayer.

WORK SMARTER, FINISH MORE JOBS

If You're a Large Commercial and Industrial Contractor

- ▶ You're painting continuously in less than ideal conditions
- ▶ You handle large, long-duration projects that require large volumes of material
- ▶ You keep your equipment on-site in paint
- ▶ You require extreme durability and reliability

You need an **IronMan Series** sprayer.

BEYOND JOBSITE TOUGH

GMAX Direct Drive Technology

When it comes to spraying, it's all about efficiency. But what exactly does efficiency mean? Simply put, it means getting more work done with less effort, and spending less money in the process. And Graco's GMAX and GMAX II gas airless sprayers enable you to do just that. Direct drive technology—where a gas engine is connected directly to a pump via a geared drive train—is the most efficient technology available for airless sprayers. And Graco's GMAX and GMAX II sprayers use that technology to save you time and money, enabling you to get more work done in a day.

Save up to \$640 per year!

Work Easier

- ▶ Direct drive units are 20% lighter on average than hydraulic units
- ▶ Smaller footprint for easier movement around the job site
- ▶ Lighter weight means easier loading and unloading

Less Maintenance

- ▶ No hydraulic fluid or filter changes (up to \$140 savings per year)
- ▶ No hydraulic fluid = **Less maintenance!**

Burn Less Fuel

- ▶ Use up to 30% less gas than hydraulic units
- ▶ For every gallon of gas burned by a hydraulic unit, direct drive units use approximately 3/4 gallon
- ▶ Save up to \$500 a year per unit on fuel costs over hydraulic

Incredible Durability

- ▶ Gear train and pinion housing guaranteed for life
- ▶ MaxLife® Pump lasts up to **6X longer** between repacks

GMAX Standard Series

EVERYDAY RELIABILITY

When you're tackling painting projects multiple days a week, you demand reliability. Graco's Standard Series sprayers deliver durability and performance time after time. They handle the widest range of tip sizes, longer hose lengths and heavier coatings with ease.

All Standard Series sprayers come with these "Only On A Graco" features:

Honda® Engine

Compact, lightweight, and powerful, Honda engines are reliable, technologically advanced, and easy to start.

- ▶ Oil Alert shuts down engine if oil level drops too low, preventing damage
- ▶ Contractor preferred

POWERED BY **HONDA**

SmartControl™ 3.0 Graco's advanced SmartControl 3.0 pressure control system offers precision pressure control that delivers a consistent spray fan.

- ▶ Lowest dead band at any pressure

Rugged, Durable Cart Design

With a Graco sprayer, it's not just the mechanical parts that are built to last. Our carts are built to deliver years of performance.

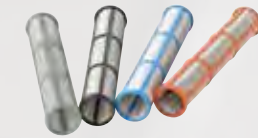

- ▶ Thick chrome over steel withstands rugged environments
- ▶ Full pneumatic wheels absorb impacts and vibrations
- ▶ Retractable handle doubles as coiled hose storage

Ready To Work Everything you need to get spraying—RAC X™ SwitchTip™, Contractor™ gun and 50 feet of BlueMax™ II hose is included.

Easy Out™ Pump Filter The Easy Out pump filter is designed to filter from the inside out so filters won't get stuck or collapse when filled with dirt or debris.

- ▶ Large 19.5 square inch filtering area reduces tip clogs and ensures a quality finish
- ▶ Vertical filter removes with the cap for less mess

Advantage Drive™ The drive is the critical link between the engine and the pump. Graco doesn't leave the manufacturing of our Advantage Drive System to others; rather, we design and manufacture them at our world-class manufacturing facility in the United States.

- ▶ Hardened steel gears run extremely quiet
- ▶ The most durable, longest lasting drive in the industry
- ▶ Lifetime warranty

Endurance™ Pump

Graco's Endurance Pump is the most rugged and reliable pump on the market today.

- ▶ Long-life V-Max Blue™ packings
- ▶ Chromex™ rod and stainless steel sleeve deliver superior reliability and life

See page 31 for more information.

Heavy-Duty Prime Valve

Maintenance-free design withstands high-pressure dumping.

STANDARD SERIES

GMAX ProContractor Series

WORK SMARTER, FINISH MORE JOBS

When it comes to getting the most work done in a day, it's all about speed and high performance. And that's where Graco delivers. With features that enable you to work more efficiently, the ProContractor series of airless sprayers help you get in, out, and on to the next job site faster, saving you time and money.

ProContractor Series sprayers have all the Features of the Standard Series, *Plus!*

SmartControl 3.0 with LED Display Graco's advanced SmartControl 3.0 pressure control system delivers a consistent spray fan without pressure fluctuations at all spraying pressures.

- ▶ Bright, easy-to-read LED display shows pressure read-out, job/lifetime/gallon counter and self-diagnostics

WatchDog™ The WatchDog Pump Protection System automatically shuts down the pump when paint runs out or if the hose is damaged.

- ▶ Prevents dry pumping damage

Ready To Spray Everything you need—RAC® SwitchTip, Contractor gun and 100 feet of BlueMax II hose is already assembled and ready to use right out of the box, getting you working that much faster.

QuikReel™ With the integrated QuikReel you can deploy and rewind up to 300 feet of hose in seconds, letting you put the sprayer where you want it and the gun where you need it.

- ▶ Hose guide eliminates twisting, kinking, and coiling for one-person operation
- ▶ Hose is always connected and weight balanced to not tip over
- ▶ Use only the hose you need—the rest stays on the reel
- ▶ Hand crank folds away for storage and one man loading

On-Board Toolbox

Convenient storage container keeps tools, tips, filters and accessories where you need them most.

ProConnect™ 2 This next-generation pinless design of Graco's ProConnect Pump Removal and Installation System makes it easier and faster than ever to replace the pump in seconds.

- ▶ Eliminates costly job site downtime
- ▶ Quickly and easily swap out the pump for a spare
- ▶ Pinless design needs no tools

GMAX IronMan Series

BEYOND JOBSITE TOUGH

Power, Durability and Capability are what make an IronMan. With its rugged roll cage frame and mechanical components that are designed for continuous, hard use, the IronMan sprayers are built for the serious contractor who routinely handles large commercial and industrial jobs in less than ideal conditions.

IronMan Series sprayers have all the Features of the Standard Series, Plus:

SmartControl 3.0 with LED Display

Graco's advanced SmartControl 3.0 pressure control system delivers a consistent spray fan without pressure fluctuations at all spraying pressures.

- ▶ Bright, easy-to-read LED display shows pressure read-out, job/lifetime/gallon counter and self-diagnostics

WatchDog The WatchDog Pump Protection System automatically shuts down the pump when paint runs out or if the hose is damaged.

- ▶ Prevents dry pumping damage

Roll Cage Frame Design All IronMan sprayers are built for the most brutal and demanding job sites.

- ▶ Heavy-duty roll cage frame withstands the most extreme abuse from industrial job sites

- ▶ Crush-proof intake screen stands up to harsh impacts

ProConnect 2 This next-generation pinless design of Graco's ProConnect Pump Removal and Installation System makes it easier and faster than ever to replace the pump in seconds.

- ▶ Eliminates costly jobsite downtime
- ▶ Quickly and easily swap out the pump for a spare
- ▶ Pinless design needs no tools

Extreme-Duty MaxLife Pump

Built for the most demanding jobs, Graco's Extreme-Duty MaxLife Pump delivers unmatched durability and life.

- ▶ Lasts **6X longer** between repacks
- ▶ Exclusive MaxLife sleeve and rod
- ▶ Oversized clearances ensure minimal pressure drop and increased performance

- ▶ Both long-life ceramic and stainless steel ball sets included for maximum versatility no matter what you're spraying

Flat-Proof Tires These tires can't be punctured by nails, screws or other sharp debris. They will **never** go flat, leaving the sprayer stranded on a jobsite.

Heavy-Duty Hose and Gun 100 feet of high-performance BlueMax II airless hose and a Silver Plus gun that can handle spraying heavier materials are included with every IronMan sprayer.

GMAX 3400

SERIES	PART #
STANDARD	16W863

TexSpray™ HD Airless Texture Sprayers

The gas-powered heavy material solution

When the job requires you to spray the heaviest materials, turn to the TexSpray HD line of gas airless sprayers to get the job done. Configured with direct immersion pumps, oversized hoses, and guns with huge fluid passages, these sprayers are designed to deliver maximum flow and pressure from pump to gun. Whether you need to spray skim coat in a Level 5 finish, fire stop, intumescent, elastomeric, or any other high viscosity coating, TexSpray HD sprayers have you covered.

Hydraulic Technology

Graco's GH family of sprayers are powerful hydraulic units for high production contractors who spray a wide range of material from latex and acrylics to elastomers and block fillers on large commercial jobs. With a hydraulic sprayer, a gas engine or an electric motor powers a hydraulic system that then drives the fluid pump.

Incredible Durability

- ▶ Exclusive crush-proof rock catcher
- ▶ Heavy-duty frame can be tilted on its nose for quick service in the field
- ▶ Shroud support protects belt from jobsite damage

Less Maintenance

- ▶ Flow-through Easy Out pump filter has an oversized surface and flows from the inside out, keeping the filter from collapsing
- ▶ 4-bolt hydraulic head stabilizer keeps pump parts from prematurely loosening
- ▶ Isolation-mounted engine cuts down on vibration
- ▶ O-ring high pressure hydraulic fittings and form-fitted hydraulic lines eliminate leaks
- ▶ High efficiency hydraulic motor runs quiet and has a lifetime warranty

Endurance Pump

At the heart of every Graco Gas airless sprayer is the Endurance pump, the most rugged and reliable pump on the market today.

- ▶ High-density polyethylene V-Max Blue packings are more efficient, withstand heat better, and deliver more spraying performance
- ▶ Knock-off foot valve allows for quick access to the inlet ball for fast clearing of debris
- ▶ Reversible seats reduce repair costs and keep you on the jobsite longer
- ▶ Extremely hard Chromex rod and stainless steel sleeve delivers more performance by resisting abrasion from material *(Standard Series)*
- ▶ MaxLife pump lasts 6X longer between repacks *(ProContractor Series only)*

Reduced Downtime

- ▶ Exclusive ProConnect system allows for jobsite pump removal and replacement *(ProContractor Series only)*
- ▶ Uses standard hydraulic fluid that only needs to be changed once a year
- ▶ Hydraulic fluid tank design promotes efficient cooling

Built For How You Work

- ▶ GH sprayers feature a flexible material hose for versatility
- ▶ QuikReel allows for deploying and rewinding up to 300 feet of hose in seconds
- ▶ Heavy-duty prime valve withstands high pressure dumps

GH Standard Series

EVERYDAY RELIABILITY

When you're tackling painting projects multiple days a week, you demand reliability. Graco's Standard Series sprayers deliver durability and performance time after time. They handle the widest range of tip sizes, longer hose lengths and heavier coatings with ease.

All Standard Series sprayers come with these "Only On A Graco" features:

Honda Engine Compact, lightweight, and powerful, Honda engines are reliable, technologically advanced, and easy to start.

- ▶ Oil Alert shuts down engine if oil level drops too low, preventing damage
- ▶ Contractor preferred

POWERED by **HONDA**

High-Capacity Cooling System

A hydraulic pump is only as good as its cooling system, and Graco's innovative design allows the pump to run cooler and more efficiently.

- ▶ Innovative hydraulic reservoir is tapered on the bottom, allowing easier and more thorough fluid changes
- ▶ Cooling fins on reservoir deflect heat away from sprayer
- ▶ No special hydraulic fluid needed

Rugged, Durable Cart Design

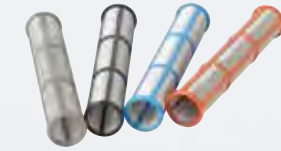

With a Graco sprayer, it's not just the mechanical parts that are built to last. Our carts are built to deliver years of performance.

- ▶ Thick chrome over welded steel withstands rugged environments
- ▶ Full pneumatic wheels absorb impacts and vibrations
- ▶ Retractable handle doubles as coiled hose storage
- ▶ Tilts on its nose for service in the field

Easy Out Pump Filter The Easy Out pump filter is designed to filter from the inside out so filters won't get stuck or collapse when filled with dirt or debris.

- ▶ Large 19.5 square inch filtering area reduces tip clogs and ensures a quality finish
- ▶ Vertical filter removes with the cap for less mess

High-Efficiency Hydraulic Motor

Graco's hydraulic pump delivers rock-solid performance time after time and keeps you up and running.

- ▶ Faster, more responsive changeover
- ▶ O-ring sealed fittings and form fitted hydraulic lines prevent leaks
- ▶ Fewer moving parts mean less maintenance and longer life

Endurance Pump

Graco's Endurance Pump is the most rugged and reliable pump on the market today.

- ▶ Long-life V-Max Blue packings
- ▶ Chromex rod and hardened stainless steel sleeve deliver superior reliability and life
- ▶ Knock-off foot valve allows for quick access

Heavy-Duty Prime Valve

Maintenance-free design withstands high-pressure dumping.

Indoor & Outdoor Use Quickly swap the gas engine for an electric motor in seconds—without tools!

Built with a proven Honda 220 cc (6.5 hp) engine, Graco's **GH 230 Convertible** sprayer is ideal for the contractor looking to spray heavier materials in demanding applications. It's a true workhorse of a sprayer, capable of handling elastomerics, block fillers, gypsum, and dry fall. And with the ability to change out the pump lower and convert to electric power without tools, you can be assured that you'll have the ability to tackle any job regardless of the location or conditions.

Standard model shown.

Convert from gas to electric in seconds without any tools with the electric motor kit

ProContractor model shown.

Graco's **GH 300** is the largest of the GH family of sprayers. Built with a rugged and durable Honda 270 cc (9.0 hp) engine, it's ideal for the high-production contractor who sprays the heaviest materials including elastomerics, block fillers, gypsum, and dry fall.

Standard model shown.

TexSpray DutyMax™ Airless Sprayers

Hard workers for the heaviest applications

When you need to spray the heaviest materials, turn to the TexSpray DutyMax GH line of hydraulic gas airless sprayers. Configured with direct immersion pumps, oversized hoses, and guns with huge fluid passages, these sprayers are designed to deliver maximum flow and pressure from pump to gun. Whether you need to spray skim coat in a Level 5 finish, fire stop, intumescent, elastomeric, or any other high viscosity coatings, the TexSpray DutyMax GH sprayers have you covered.

TexSpray Models Available:

DutyMax GH 230_{DI} Convertible
DutyMax GH 300_{DI}

With features such as a welded steel cart, a high-efficiency hydraulic pump, a high-capacity cooling system, heavy-duty prime valve, and a contractor-preferred Honda engine, Graco's hydraulic sprayers are the most versatile units on the market today—they're even available with a convertible electric motor that can be exchanged with the gas engine in seconds for working indoors!

Check out the full line of TexSpray HD Direct Drive sprayers in the Texture brochure (Part #300581), or go online today to see the complete family!

GH Big Rig™ Sprayers

For 30+ years, contractors have turned to the GH line of gas hydraulic sprayers when they needed maximum performance and unmatched versatility. The tradition continues with the GH Big Rig sprayers. Equipped with exclusive QuikChange™ Lowers, each Big Rig sprayer can easily be customized for each coating, eliminating the need to purchase additional rigs. Whether you require high pressure for long hose runs and hard-to-atomize materials, or high flow rates for heavier coverage, turn to the GH Big Rig sprayers to get the job done.

Gas Hydraulic Models Available:

A SOLUTION
TO KEEP YOU SPRAYING

Graco knows the last thing you can afford is costly downtime. And with the Endurance Advantage Program, you'll never need to worry about it. When you buy any new Graco sprayer, you can purchase an additional Endurance Pump for **up to 80% OFF** the list price—keep a spare on hand to save yourself time and money on every job. Or if you'd rather repack your own pump, we'll let you choose a **FREE Repair Kit** instead. No matter what your choice, Graco ensures you'll always be up and spraying! Simply follow the registration instructions included with your sprayer.

ProConnect no-tools pump removal system makes swapping out the Endurance Pump fast and easy.

3 YEAR HONDA ENGINE WARRANTY*

If the engine fails from normal use, Honda will replace it under warranty for the original owner for 3 years.

LIFETIME DRIVE TRAIN WARRANTY (GMAX only)

If the drive train fails due to defects in materials or workmanship during normal use, we'll replace it under warranty for the original owner for the life of the sprayer.

30-DAY "JUST ADD PAINT" REPLACEMENT GUARANTEE*

Dissatisfied? Simply return the sprayer to the place you bought it within 30 days. They'll either exchange it for an identical sprayer or you can trade-up to a larger sprayer at an additional cost.

3-YEAR WARRANTY*

Coverage against defects in materials and workmanship on the entire sprayer.

DOWNTIME ELIMINATOR PROGRAM*

Part needed for a warranty repair not in stock at your distributor? Get **FREE** next business day air freight delivery when distributor orders the part by 2 p.m. CT.

CONVENIENT SERVICE

Graco offers more than 5,500 authorized distributor locations in North America and over 700 locations to administer warranty repair.

*NORTH AMERICA ONLY. See your local Graco distributors for country specifics.

NOBODY ELSE BUILDS SPRAYERS LIKE THIS.

Accessories

GAS AIRLESS SPRAYERS

In addition to the industry's best sprayers, Graco makes the accessories that enable you to work faster and more productively. From rugged guns and tips to hoses and extensions, Graco's accessories let you customize your sprayer for the maximum performance that best suits your work.

RAC TIPS AND GUARDS

- 286-XXX RAC 5 SwitchTips, Black (Odd #) Ideal for residential, commercial and industrial jobs. *Maximum Working Pressure: 4050 psi (279 bar, 27.9 MPa)*
- 243161 RAC 5 HandTite Guard 7/8 in (22 mm) thread size, standard Graco thread
- 243263 RAC 5 HandTite Guard 11/16 in (17 mm) thread size, older style Graco pole guns, fits competitive guns with 11/16 in (17 mm) threads
- LTX-XXX RAC X SwitchTips, Blue (Odd #) It has the longest lasting fan pattern on the market. *Maximum Working Pressure: 4050 psi (279 bar, 27.9 MPa)*
- WR-XXXX RAC X Wide RAC SwitchTips, Blue (Odd #) 24 in (610 mm) spray fan for maximum coverage and productivity. *Maximum Working Pressure: 4050 psi (279 bar, 27.9 MPa)*
- 246215 RAC X HandTite™ Guard 7/8 in (22 mm) thread size, standard Graco thread
- 246437 RAC X HandTite Guard 11/16 in (17 mm) thread size, older style Graco pole guns, fits competitive guns with 11/16 in (17 mm) threads

JETROLLERS™ Save time and money by spraying and back rolling in one easy step with the **NEW** Graco 3-in-1 JetRoller System. Each kit includes a lightweight detachable roller (uses industry standard roller covers), CleanShot shut-off valve, spray tip and guard.

- 24U170 JetRoller System with 20 in (50 cm) Heavy-Duty Extension and 9 in Handle
- 24U172 JetRoller System with 20 in (50 cm) Heavy-Duty Extension, Contractor InLine Valve and 9 in Handle
- 24W128 JetRoller System with 20 in (50 cm) Heavy-Duty Extension, Contractor InLine Valve and 18 in Handle

GUN HOSE KITS – KITS INCLUDE THE FOLLOWING UNLESS OTHERWISE NOTED

Airless Gun, RAC X 517 Tip and Guard, 1/4 in x 50 ft (6.4 mm x 15 m) 3300 psi (227 bar) BlueMax II Airless Hose and 3 ft (0.9 m) Whip Hose

- 288489 Contractor Gun Hose Kit
- 288496 Contractor Gun Hose Kit with RAC 5
- 288490 Contractor Gun Hose Kit with 3/8 in x 50 ft (9.5 mm x 15 m) 3300 psi (227 bar) BlueMax II Airless Hose
- 288493 FTx Gun Hose Kit with RAC X 515 Tip (Whip Hose Excluded)
- 288497 FTx Gun Hose Kit with RAC 5 515 Tip (Whip Hose Excluded)
- 287095 Flex Plus™ Gun Hose Kit
- 287041 Silver Plus Gun Hose Kit
- 287042 Silver Plus Gun Hose Kit with 3/8 in x 50 ft (9.5 mm x 15 m) 3300 psi (227 bar) BlueMax II Airless Hose
- 287043 Silver Plus Gun Hose Kit with 3/8 in x 50 ft (9.5 mm x 15 m) 4000 psi (276 bar) BlueMax II Airless Hose
- 287850 Silver Plus Gun Hose Kit with RAC X SwitchTip, 3/8 in x 50 ft (9.5 mm x 15 m) 3300 psi (227 bar) Hose
- 287851 Flex Plus Gun Hose Kit with RAC X 655 and 531 SwitchTip, 3/8 in x 50 ft (9.5 mm x 15 m) 4000 psi (276 bar) Hose and Whip Hose
- 287852 Heavy-Duty Gun Hose Kit with RAC X 655 and 531 SwitchTip, 3/8 in x 50 ft (9.5 mm x 15 m) 4000 psi (276 bar) Hose and Whip Hose

BLUEMAX II AIRLESS HOSE To maximize results, choose the high performance BlueMax II Airless Hose. Lighter weight and increased hose flexibility improves usability when spraying under pressure. With superior flexibility and durability, BlueMax II ensures you get the best results from your airless sprayer.

- 238358 3/16 in x 3 ft (4.8 mm x 0.9 m) BlueMax II 3300 psi (227 bar) Airless Whip Hose
- 238959 3/16 in x 4.5 ft (4.8 mm x 1.4 m) BlueMax II 3300 psi (227 bar) Airless Whip Hose
- 240793 1/4 in x 25 ft (6.4 mm x 7.5 m) BlueMax II 3300 psi (227 bar) Airless Hose
- 240794 1/4 in x 50 ft (6.4 mm x 15 m) BlueMax II 3300 psi (227 bar) Airless Hose
- 240797 3/8 in x 50 ft (9.5 mm x 15 m) BlueMax II 3300 psi (227 bar) Airless Hose

PUMP ARMOR™/TSL™ Maintaining your pump is essential for long life and reliability. Graco has made pump maintenance simple with our complete line of fluids. Pump Armor is a storage solution which protects your pump from the damaging effects of corrosion during storage. TSL (Throat Seal Liquid) prevents dried paint from accumulating on the pump rod—extending the life of the pump packings.

- 243103 Pump Armor – 1 qt (1 l)
- 245133 Pump Armor – 1 gal (3.8 l)
- 206994 Throat Seal Liquid (TSL) – 8 oz (.24 l)
- 206995 Throat Seal Liquid (TSL) – 1 qt (1 l)
- 206996 Throat Seal Liquid (TSL) – 1 gal (3.8 l)

Ask your local authorized Graco Distributor for details on our complete line of airless accessories.

ABOUT GRACO

PROVEN QUALITY. LEADING TECHNOLOGY.

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.
